

Plascon™

FILM COLORS & Transparency Options

CHOOSE YOUR COLOR:

In addition to traditional clear film, Plascon films are also available in a variety of stock colors:

- Blue
- Light Blue
- Green
- Mint Green
- Yellow
- Orange
- Red
- Black
- White

Additional custom colors also available. Contact us for more information.

CHOOSE YOUR TRANSPARENCY:

Film transparency options range from solid (opaque), medium/ slightly transparent, to a more noticeable transparency.

- **Opaque:** solid color, no transparency (O)
- **Medium:** some transparency to see contents of the film (M)
- **Translucent:** can see greater detail of contents (T)

Note: Black and white film is only available in full opaque and medium transparency.

CHOOSE YOUR FILM GRADE:

As the manufacturer, we can further customize your order by offering film thickness ranges of 0.8 - 4.5 mil. Fully opaque colors require a minimum of 2.0 mil.

Whether a box liner, trash liner, or a poly bag, whatever you are packaging, make it customized to your business.

BIODEGRADABLE* OPTIONS:

Our films are also available in biodegradable* options. The same strength and durability, but in an eco-friendly package.

*49.28% biodegradation in 900 days under non-typical conditions. No evidence of further biodegradation.

FOOD GRADE PACKAGING:

All Plascon films are FDA approved for safe, hygienic food packaging.
